VLN-CE R2R: Leave the bathroom, and take a left in the hallway. Enter the bedroom on the right next the double doors. Stop in the doorway to the closet.

VLN-CE RxR: We are standing in a room of antiques. We want to turn left and walk to the bookcase. Turn right at the bookcase and walk straight out the open brown door. Once you are out the door you will be in front of a staircase, and you want to turn left. Go into the room on your right. In that room is a desk with a statue of a bust on your left. Walk on the carpet to the edge of the couch at the back of the room. Turning right you will see a fireplace. To the right of the fireplace you will see another open brown door. Exit that room to the hall across and into a room with a red and blue carpet. You want to walk all the way to the radiator to the back of the room by the window. If you stop at the radiator you will see a statue on your left and some boxes on your right. You are done.

ObjectNav HM3D-v2: Find the bed.
